Shower Trays	87

Innovators by nature. Pioneers in engineering excellence. Since 1968, Majestic has been leading the way in premium glass shower screens and enclosures. More than forty years later our commitment to elegant, timeless and understated design remains as strong as ever.

A Majestic shower is an icon of beauty. It possesses an exacting, aesthetic quality all of its own – one that transcends superficial fads and trends.

Why Majestic

Whether you seek a sanctuary of calm or refreshing invigoration; Majestic lets your imagination run free. Large or small, modern minimalism or classic opulence, our shower collection will transform your bathroom and enhance your home. In fact, a life-long guarantee is the only thing that comes as standard.

From our inception in 1968 we only had in mind to provide the best design and quality.

This is what we do.

John King

John King
Founder

Enjoyed in discerning homes, landmark hotels and resorts throughout the world. Majestic is recognised by leading architects for exceptional shower screen design.

We work closely with designers and architects, using our technical expertise to ensure we meet the exacting standards demanded for prestigious projects.

The experts’ expert

We were attracted by the classic lines and clean, simple designs of Majestic for our prestigious development, The Lancaster. With over 300 bathrooms to install we used a combination of the framed shower screens and frameless bath screens. Mixing classic and contemporary – which is exactly what The Lancaster is all about.

Majestic’s products were in keeping with the rest of the development, in terms of both quality and finish. And because their shower screens come in a wide range of sizes, we had a greater degree of flexibility with our bathroom designs and layouts. Majestic also provided good technical back-up throughout the project.

Orlando Rodriguez

Orlando Rodriguez
Associate Director,
Nilsson Architects

One Hyde Park, London Knightsbridge

With interior design and material specification by Candy and Candy, One Hyde Park is the most exclusive address in the world.

Majestic supplied approximately 150 bespoke frameless shower screens for the One Hyde Park development. A mixture of Rio, Portofino and Maine models, perfectly in keeping with the minimal, high quality finish that is the signature of the bathroom designs at One Hyde Park.

All metalwork was provided in a polished nickel finish and profiles were recessed into the stone for subtle, minimal styling. A special oval shaped finger pull with polished nickel insert was designed for the project, giving the shower screens at One Hyde Park a unique identity.

OUR
COMMERCIAL
CLIENTS

St Pancras Renaissance, London Euston

A Victorian masterpiece restored. After years of devoted restoration, the St Pancras Renaissance London Hotel and Residential Chambers is being hailed as the city's most romantic building.

Majestic shower screens were specified for all 68 luxury apartments and penthouses in the residential chambers and key bedroom suites at the St Pancras Renaissance Hotel. A wide variety of Frameless models were supplied including Genoa bath screens and Cadiz shower enclosures. As well as the high performance that you would expect from a premium product, minimal design and ease of installation were essential for this project.

Your bathroom is a blank canvas. A clean slate of possibilities. Majestic provides the opportunity to create your unique, innovative shower experience.

A Majestic shower goes beyond what you would expect.

The art of showering

Our glass range offers a subtle spectrum of colours. From crystal clear to understated tones of smoke grey, blue and green.

For the ultimate in clarity, we offer low iron, optically clear glass often described as white. We can also mist glass to achieve your chosen level of discreetness.

Our range of glass

These are carefully balanced shapes that echo the simplicity of the glass screen — all coming together to deliver a sense of timeless and aesthetic design.

Our shower fittings are made from high purity stainless steel and brass. The surrounding metalwork comes in a range of specially chosen colours: the coolness of chrome, the subtle gleam of polished or brushed nickel and the luxurious warmth of gold.

Purity of
form, feel and
function

Deauville fits seamlessly into your bathroom. Its corner enclosure design offers great flexibility in terms of size and shape.

Deauville

Shown Bespoke with chrome fittings, long D handle and over bath notch cut out. Surface profiles to wall and base. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see page 85.

Oslo makes a bold statement. With its clean lines and design, this free-standing panel complements any bathroom or wet room.

Oslo

Shown Standard with chrome fittings. Choose from our range of glass on pages 49 and 50. For full design options and pricing, see pages 65 and 66.

This single panel bath screen represents absolute simplicity and pure functionality. Its minimalist design blends seamlessly with any bathroom style. Fitted with a dual action hinge, bringing the best of both worlds together, it glides smoothly both inwards and outwards.

Genoa

Shown Standard with chrome fittings. Choose from our range of glass on pages 49 and 50. For full design options and pricing, see pages 67 and 68.

Monaco is elegant minimalism epitomised. A simple wall fixed panel creates the perfect partition for a walk-in wet room.

Monaco

Shown Standard with chrome fittings. Choose from our range of glass on pages 49 and 50. For full design options and pricing, see pages 63 and 64.

Valletta gives you a wider space in which to shower. The in-line panel offers flexibility and clearance from existing bathroom furniture.

Valletta

Shown Standard with chrome fittings.
Choose from our range of glass on pages 49 and 50. For full design options and pricing, see pages 69 and 70.

With its refined design, Vigo is an elegant space-saver. The minimal lines of this sliding door suit every size of bathroom and setting – from modern to classic. A discreet finger pull completes the distinctive, pared back look.

Vigo

Shown Standard with chrome fittings and finger pull handle on a sunken Majestic tray. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see pages 59 and 60.

Toulon is a sleek space-saver. It not only makes the most of the space you have, but thanks to the discreet, precision engineering the sliding door has the perfect glide.

Toulon

Shown Standard with chrome fittings and finger pull handle on a Majestic tray. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see pages 61 and 62.

Ideal for any recess, the door can be hinged from a wall or the fixed panel.

Rio

Shown Standard with chrome fittings and short D handle on a Majestic tray. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see pages 72 to 74.

A popular choice and versatile corner enclosure. The door can be hinged from the fixed panel or the wall.

Portofino

Shown Standard with chrome fittings, short D handle on a sunken Majestic tray. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see pages 78 to 80.

Napoli exemplifies Majestic’s ability to bring together modernity and sense of grace. This design with its central door, is perfect for an alcove space and, as with all our hinged doors, an elegant, smooth close is achieved.

Napoli

Shown Bespoke with chrome fittings and finger pull handle. Surface profiles to wall and base. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see pages 75 and 76.

Cadiz represents timeless simplicity. It completes your bathroom by enhancing even the most economic of spaces, achieving a pleasingly minimal finish.

Cadiz

Shown Bespoke with chrome fittings and finger pull handle. Recessed profiles to wall and base. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see page 77.

With its distinctive geometric design, Venice allows for more floor space. This chic neo angle corner enclosure comes with specially created hinges for the most elegant door close. And when fitted with underframe, it provides the ultimate watertight finish.

Venice

Shown Standard with chrome fittings and towel rail handle on a Majestic tray. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see pages 81 and 82.

Maine elegantly makes the most of the available space you have by creating a stunning, yet discrete built-in shower environment.

Maine

Shown Bespoke with chrome fittings, short D handle and no underframe to base. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see page 71.

Create a space within a space with Barcelona. This three-sided enclosure features two in-line and two return panels, making it appear to blend almost invisibly with its environment.

Barcelona

Shown Bespoke with chrome fittings, long D handle and ceiling fixed brackets. Surface profiles to wall and base. Choose from our range of glass and handles on pages 49 to 52. For full design options and pricing, see pages 83 and 84.

Beyond Bespoke expands on the possibilities of shower screen design. By using oversized glass with discreet ceiling brackets and seamless UV bonding, you can create your own minimal elegance.

PRECISION
ENGINEERING

Our designs are an evolution of experience and ingenuity. We're committed to perfection – continually refining, testing and innovating our designs.

It's the hidden detail and elegant results that endure. Our shower screens offer the best in style and function; beauty and performance, it's the accuracy of our engineering that brings the two together in perfect balance.

The beauty
in the detail

This section contains all the technical and pricing details needed for ordering. If you require assistance please contact your Majestic showroom.

Shower Trays	87
--------------	----

Glass

All Frameless shower screens are made in 10mm thick glass with the exception of our sliding screens, Vigo and Toulon, which are made in 8mm thick glass. All glass is toughened safety glass to BS EN 12150.

- Key to images**
- 01 Maine door with smoke grey glass
 - 02 Oslo panel with misted band
 - 03 Oslo panel with UV bonded side panels
 - 04 Fully misted Maine door

Glass options

All glass is available both clear and misted. Extra clear low iron glass, as well as coloured glass, is available as a bespoke option.

For pricing information on misted, coloured and extra clear low iron glass please see the specification page of your chosen product.

Glass protection

Majestic have researched all the glass protection products available in Europe and the United States. We find that only ClearShield® is appropriate for showers. The unique properties are such that we guarantee the effectiveness for life given that our after care glass cleaner is used according to the instructions. House hold cleaners should never be used.

UV Bonding

UV bonding is a process which enables glass panels to be joined without the use of metal fittings and silicone. The join is incredibly strong and completely invisible, leaving clean, undisturbed lines for an ultra minimal finish.

Majestic are able to offer bespoke glass for on-site UV Bonding. Please contact us for further information.

TECHNICAL SPECIFICATIONS AND PRICING

Handles

All of our handles are made in high purity stainless steel, Grade 316.

Standard and Bespoke sliding doors are offered with the choice of a finger pull or long D handle, at no extra cost.

Standard and Bespoke hinged doors and enclosures can be provided with any of the 5 handle designs shown.

All handle options are included in the price, with the exception of the finger pull, which is an additional £100 incl VAT on Bespoke sizes.

Key to images

- 01 Long D handle
- 02 Short D handle
- 03 Finger pull
- 04 Contour handle
- 05 Towel rail

Hinges, Brackets, Support Arms and Stay Bars

One of the defining features of a Majestic shower screen is the hinge. The iconic flat landscape design is unmatched both in terms of style and function. This heavyweight fitting is fully adjustable, providing perfect door closing every time.

Our hinges and brackets are all made in precision engineered solid brass, plated to the finish of your choice. Support arms and stay bars are composed of high purity stainless steel, Grade 316.

Profiles

Our glazing profiles are all made in highly polished aluminium conforming to British Standard BS 1615.

Standard profiles

Underframe

Provided for all standard shower enclosures, the Majestic underframe extends beneath the door, guaranteeing a watertight finish. Water jetted at pressure onto the interface of doors and walls will naturally force an exit. Our guarantees are fully described in our terms and conditions. Your statutory rights are not affected.

24mm Surface Profile

This profile provides 18mm adjustment (+/-9mm) to compensate for out of true walls and is provided for all standard shower screens. The 24mm surface profile is also provided for the base of all standard wet room panels and bath screens.

Bespoke profile options

Underframe

Available for all bespoke shower enclosures; the Majestic underframe extends beneath the door, guaranteeing a watertight finish. Water jetted at pressure onto the interface of doors and walls will naturally force an exit. Our guarantees are fully described in our terms and conditions. Your statutory rights are not affected.

10mm Recessed Profile

This profile is sits within the floor tiles for the most minimal finish. Available for all bespoke shower screens except for sliding doors.

24mm Surface Profile

This profile provides 18mm adjustment (+/-9mm) to compensate for out of true walls. It is available for all bespoke shower screens, to wall and base.

17mm Surface Profile

More minimal than the 24mm version, this profile provides 10mm adjustment (+/-5mm) to compensate for out of true walls. It is available for all bespoke shower screens, except sliding doors, to wall and base.

24mm Recessed Profile

This discreet wall profile sits within the tiling. 18mm (+/-9mm) adjustment is provided for out of true walls. Available for all bespoke shower screens except for sliding doors.

Seals

Clear PVC seals are provided for all Majestic shower screens unless otherwise specified. Seals must be used whenever a watertight environment is required.

Picture shows the 10mm recessed profile

Beyond Bespoke™

Majestic is known for its ability to realise the most ambitious bathroom design projects. This page is an overview of Beyond Bespoke possibilities. All prices are VAT inclusive.

Ceiling bracket
Our beautiful ceiling fixed bracket is the minimal solution for stabilizing glass, giving creative freedom in shower screen design. Oversize glass can be provided without the need for long support bars and doors can be hinged from fixed panels up to 700mm wide.

UV Bonding
The technique of joining glass without the use of metal fittings. See Glass page 49.

Notches
Majestic can cut glass to adapt your new shower screen to existing furniture or architectural features, all at no extra cost.

Overheight glass
Glass required at heights above those stated on the product specification pages is available and is priced at £60 per 100mm, per piece of glass.

Angle cut glass
Angled glass can be provided to fit the contours of your bathroom perfectly. This service is priced at £180 per angle cut.

Vigo Standard

Standard Vigo shower screens are supplied at 2050mm high with underframe to the base and 24mm surface profile to the wall. All fittings are chrome. To complete the specification of your shower screen please see the options listed on this page.

Terms and conditions Shower units

1. Majestic Shower Company Ltd lifetime guarantee covers all metal and glass components. Rubber seals and gaskets are guaranteed for 3 years from the date of purchase.
2. The guarantee registration form must be completed in full and returned to Majestic within 30 days of installation.
3. The guarantee is only available to the original purchaser and is non-transferable.
4. If the product purchased is defective in materials or manufacture, Majestic Shower Company Ltd will, at our discretion, either replace, repair or refund the purchase price of any part or whole of the goods purchased. This shall constitute our sole obligation under this guarantee.
5. This guarantee covers normal domestic use and is valid only for products installed in accordance with our fitting instructions. Majestic Shower Company Ltd will not be liable for:
 - i) any defect in the goods which result from accidental damage, willful neglect, reasonable wear and tear, use of abrasive cleaners or incorrect installation.
 - ii) any product that has been altered, modified or transformed in any way unless consent is given by Majestic Shower Company Ltd.
 - iii) any installation costs, unless written consent is given by Majestic Shower Company Ltd.
 - iv) any compensation for loss of the use of the product or consequential loss of any kind.
6. This guarantee is valid for products purchased and installed in the United Kingdom and Eire only.
7. This guarantee is in addition to and does not affect your statutory rights.

Shower trays

Majestic has always been a pioneer in shower screen design and our aim when creating this range of low profile shower trays was no different – to raise the bar in terms of design and quality and create a tray fit for a Majestic shower screen.

Three basic shapes are available – square, rectangle and pentagon, to suit all Majestic standard size shower screens.

Our versatile shower trays can be installed flush with the floor, flat to the tiled surface or raised on a leg set, making them suitable for any shower environment.

Made in Britain to exacting standards, the trays are double dipped and spend longer in the mould to create sharp corner radii and crisp, straight edges. Tight tolerances ensure consistency in size and a level base to within ½mm making installation easy. A special powder design makes them up to 15% lighter than most stone resin shower trays with absolutely no sacrifice in strength.

All Majestic shower trays have a lifetime guarantee – visit our website for terms and conditions.

60mm wide flat edge provides ample adjustment for a perfect fit.

Crisp edges and sharp radii provide a clean, modern finish.

Optional high flow rate McAlpine 90mm waste available with cover caps to match chrome, white, champagne gold, polished nickel and brushed nickel.

2.2mm acrylic capped ABS with stone cast resin interior.

40mm deep low profile shower tray.

TECHNICAL SPECIFICATIONS AND PRICING

Optional leg sets

If required, Majestic offer leg sets which enable the tray top to sit between 135mm and 175mm from the floor.

Specification	Price (incl VAT)
For all tray sizes	£95

Optional shower waste

Majestic shower trays are compatible with any standard 90mm shower waste. We offer two high flow rate waste options, both made by British manufacturer McAlpine.

Waste 1 provides a flow rate of 42 litres per minute using a standard 1½” outlet pipe.

Cap colour	Price (incl VAT)
Chrome	£45
White	£45
Polished nickel	£90
Brushed nickel	£90
Gold	£90

Waste 2 provides a flow rate of 50 litres per minute using a 2” outlet pipe. Both waste options are available with cover caps to match all Majestic finishes, as well as white.

Cap colour	Price (incl VAT)
Chrome	£45
White	£45
Polished nickel	£90
Brushed nickel	£90
Gold	£90
