FLOW TECHNOLOGY

A WINNING PERFORMANCE

MIRA SPORT MAX

The Mira Sport Max is the UK's most powerful shower and now it's in even better shape with Airboost™. A world first in flow boosting technology, this smart bit of engineering puts in an outstanding performance without using any more water so everyone's a winner.

Performance you can rely on thanks to the unique technologies built into every Mira Sport.

Clearscale™

Clearscale™ technology features our patented DualElement™ heater tank, which is designed to reduce limescale build up. The result is a shower that will last up to twice as long as other electrics.

Opti-flo™

Opti-flo™ technology simply maximises flow whatever the mains temperature. The user can leave their power setting on high all year round and still get a cooler shower in the summer.

Sensi-flo™

Sensi-flo™ technology can detect a loss of flow from a blocked handset or kinked hose and will cut power to the heater tank, protecting the unit and keeping the user safe.

NEW
MIRA SPORT RANGE

Showering perfection

**FLIP OVER AND GET
INSIDE MULTI-FIT™**

Just when you thought the Mira Sport range couldn't get any better, we went and strengthened the side.

The entire Mira Sport range is packed with the following features:

- Adjustable slide bar fits over holes left by a previous shower kit
- Large 110mm 4 spray showerhead with rub-clean nozzles
- Slimline aesthetic with chrome detailing to match other bathroom accessories
- Phased shutdown flushes hot water from the tank to make it safe for the next user
- Thermostatic temperature control on Mira Sport Thermostatic

Available in the following options

	7.5kW	9.0kW	9.8kW	10.8kW

IN A LEAGUE OF ITS OWN

MIRA SPORT MULTI-FIT™

The new Mira Sport Multi-fit™ is the kind of star shower every installer should have on their side. It accepts water and electrical connections from the left, right, top, bottom or rear and its large footprint means it can retrofit over more products than any other shower on the market. As the only true retrofit electric, it's changing the game for the trade.

*Mira Sport Multi-fit™ comes with 1 moveable terminal block, image for representational purposes only

The perfect retrofit solution

- Multiple Water Inlets**
Accepts connection from the left, right, top, bottom or rear, so there's no need to adjust pipework
- Dual Position Terminal Block**
Moveable terminal block for a fast fit, trouble free electrical connection to the left or right
- Large Footprint**
Covers screw holes and marks left by a previous installation, so no need to re-tile
- Adjustable Fittings Kit**
Use existing screw holes for a faster, cleaner fit or match to grout lines
