Welcome to the updated Faucets Price Guide for January 2026, designed to provide you with essential insights on our latest prices and product offerings. We trust this guide will be a valuable and user-friendly resource.

Please note: Prices listed are Retail List prices excluding VAT. We have ensured these prices are accurate at the time of printing; however, Faucets reserves the right to amend prices without prior notice. The prices charged will be those effective on the date of dispatch.

- Minimum Order Value: £20.00.
- Account Address Deliveries: For orders delivered to your account address, the minimum carriage-paid order is £50.00; orders below this amount will incur a carriage charge of £10.00.
- Direct Deliveries: For deliveries to a site or any address other than the account address, the minimum carriage-paid order is £100.00; orders below this amount will incur a carriage charge of £10.00.
- Palletised Deliveries: Items requiring pallet delivery (typically sanitary ware) may incur an additional carriage charge based on order size and quantity. Please contact our office for details.

We are committed to continually enhancing our service for you, our valued customer. Our high-quality products are stocked and dispatched nationwide with next-day delivery. Remember to download the Faucets app - speak to your Area Sales Manager for access - where you can check stock, place orders, and explore exclusive offers.

GROHE RAPID SL AND RAPID SLX INSTALLATION SYSTEMS

The Rapid SL and Rapid SLX installation systems use GROHE's innovative **Whisper®** quiet technology to ensure minimum noise when flushing, with the SLX system

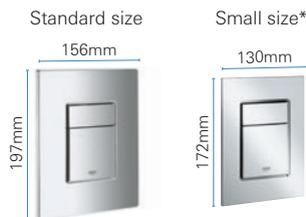

designed specifically to cater to the increasing range of rimless toilets and shower toilets entering the market.

GROHE RAPID SL

Versatile, secure and quick method of installing wall hung WC's.

UNIVERSAL CISTERN

- Dual Flush
- Compatible with all GROHE flush plates

SILENT

- Noise reduction thanks to **GROHE Whisper®**

VERSATILE

- Comes in 3 heights to suit all applications: 0.82m, 1.0m and 1.13m
- Adjustable feet, height can be increased by 200mm

Points for securing the on-the-wall installation
Easy installation due to the unique **pneumatic connection** of the flush plate, and **easy maintenance** via the flush plate opening

SAFE
TUV certificate for load capacity:
• 400kg for WC

CARE AND CLEANING INSTRUCTIONS

- Do not install tapware using any form of acetone silicones.
- Avoid applying physical items (such as tools) directly to the product.
- Never use detergents, citrus-based cleaners, or abrasive cleaners, and do not use undue pressure when cleaning.
- Where your tapware remains dry in use, a soft cloth can be used to remove surface dust. Alternatively, a soft cloth with warm, soapy water is all that is required to maintain the finish in perfect condition for a lifetime of use.
- Use of wax-based furniture cream should be avoided, as it can result in a build-up of deposits that could affect the appearance.
- Normal wear and tear, lime scale, and chemicals used during cleaning can cause damage and deterioration, which is not covered by the warranty.

Please Note

- Colour and finish may vary on sample discs and other flat surfaces.
- Colour may vary due to the lighting and reflection in the installation location.
- Colour and finish may vary from product to product due to the different shape.

Mira Flight Shower Trays

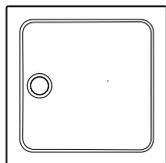

Lighter, stronger, easier to fit.

Mira Flight trays are made from strong acrylic-capped resin stone for a far tougher product. Still as easy to fit and incredibly strong as ever, 90mm Mira Flight trays now come in a sleek smooth finish that is scratch, chip and discolouration resistant.

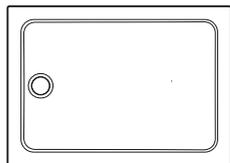

They also feature BioCote® technology to reduce bacteria and mould growth by up to 99.9%.

Mira Flight Low Shower Trays

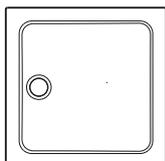

The lighter, tougher, lower shower tray.

Made from durable acrylic resin stone, Mira Flight Low isn't just incredibly tough and unbelievably light, it's also one of the lowest trays on the market, at just 40mm as opposed to the standard 90mm height.

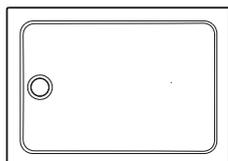

Mira Flight Low also includes BioCote® protection and comes with a Mira Flight Low vortex waste.

THE PERRIN & ROWE STORY

Forty years ago in East London, Bob Perrin and Greg Rowe began an extraordinary partnership. Despite limited funds and a workshop that was little more than a garden shed, they began by machining brass components that others found too difficult to make. As designers they made their name by producing the world's first 3 in 1 tap - a tap that dispensed hot, cold and filtered water - using their own Triflow technology.

This blend of innovation and traditional manufacturing craft defines the Perrin & Rowe brand today. Our comprehensive range of kitchen and bathroom brassware is manufactured in our own factories in Britain. We still make taps in small batches, pouring molten brass by hand into moulds of our own design. By controlling every element of design and production, Perrin & Rowe has become known by architects and design professionals for its quality and durability.

Bob and Greg retired some years ago, but their legacy and passion live on at Perrin & Rowe. Now a luxury brand with an international reputation, our principles of British design and craftsmanship, advanced engineering and traditional manufacturing, remain the foundation of our success.

THE PERRIN & ROWE PROMISE

All Perrin & Rowe products are designed and manufactured in Britain.

We are driven by engineering excellence. We use state of the art manufacturing technology to support our traditional methods and skills.

Our brassware is made from low lead brass of the highest quality available. The surface is plated to a thickness that exceeds industry standards, ensuring a deep, protective coating that is resistant to wear and pleasing to the eye.

We assemble our brassware by hand, and individually water-test each one.

Our handles and spouts include bearing rings and engineering 'O' seals to ensure maximum durability.

Perrin & Rowe brassware has a 'wobble free feel'.

Our ceramic disc valves are tested up to 500,000 cycles and supplied by the world's leading ceramic cartridge manufacturer. On test, valves are repeatedly turned on and off with pressurised water to the equivalent of 25 years' use in a domestic installation.

Perrin & Rowe specifically manufacture for different markets around the globe. No additional adapters or converters are required for installation.

Our aim is to offer the world's finest range of kitchen and bathroom products.

THE ARMSTRONG COLLECTION

Inspired by brothers Joseph and George Armstrong, locomotive designers and pioneers of the Industrial Revolution, the collection transforms an industrial aesthetic into a model of timeless elegance.

Rada Controls – making sense of healthcare infection control

In healthcare, hygienic and trusted water delivery is paramount in helping facility managers and NHS trusts meet stringent hygiene standards and, ultimately, keeping those using the taps, showers and water outlets safe.

Specify Rada Sense T3 Digital Mixing Valves and take advantage of:

- Non-touch controls to minimise the risk of cross infection
- A remotely located valve that accurately and safely controls temperature and flow
- Programmable run times to help achieve handwashing best practice
- Remote monitoring to maintain tap health and performance
- Programmable duty flushing to enhance thermal disinfection.

Purusline Living Plus⁺

The Purusline Living Plus for vinyl and microcement is Purus' newest linear drainage solution in lengths of 600mm, 700mm, 800mm, 900mm and 1000mm. With a patterned Chess grate in stainless steel and a drain body in PP plastic, the Purusline Living Plus has many similarities to the popular Purusline Living, but has been redesigned with a new clamping ring system to be suitable for vinyl flooring. It can also be used with microcement and resin floor finishes. It makes a great alternative to our Mini Series floor gullies where a linear finish is preferred, and is therefore popular in care homes, domestic properties and hospitals as well as hotels, spas and leisure centres. The Purusline Living Plus channels are available in Side, Low and Side Side outlet configurations.

The Purusline Living Plus can be installed into either joist or concrete flooring, with a Self-Supporting Tray used when installing into joists. All outlets come with a built-in NOOD no-odour trap, which ensures that even if the drain dries out, no foul air or bad odours will come up because the spring-loaded trap keeps itself closed. The NOOD can be easily removed for cleaning and maintenance with a built-in handle.

Purus Channel 100

Purus Channel 100

The Channel 100 is our most popular stainless steel channel drainage system and is an ideal solution for shower areas, changing rooms and hotel and leisure facilities; as well as industrial areas such as factories and breweries. It is manufactured in 316-grade acid-resistant stainless steel and is designed for installation into concrete floors with vinyl, tiled, microcement, microconcrete, resin or concrete finishes. It comes in standard lengths up to 2.5m.

Many different configurations are available as standard, details of which are below. The Chess and Rib stainless steel grates are ideal for bare-foot areas whilst the L15 and M125 load-bearing mesh grates are designed to suit industrial use.

An extensive bespoke service is available for channels to be manufactured to your requirements, including in lengths longer than 2.5m. Please contact Purus for more details.

Purus' Channel 100 Configurator tool is now available at www.puruslimited.co.uk!

Stainless steel sanitaryware

Suitable for both domestic and public environments, Purus' stainless steel sanitaryware is robust, durable and of high quality. The range of stainless steel toilets and urinals are practical for surroundings where there are tough requirements for durability and hygiene such as in public toilets, sports centres, restaurants and public institutions. The V220 Sediment Traps and V55 Plaster Separators are designed to stop the deposition of substances such as plaster and sand, and are therefore frequently used in Universities and Art Schools. Purus' stainless steel interiors range includes kitchen worktops, sinks, workbenches and more; all featuring premium style, function and quality. The full range is available to browse at www.puruslimited.co.uk.

RETURNS POLICY

Requests for collection must be made in writing containing the following information:

1. Reason for collection
2. Date of supply
3. Invoice/delivery note number
4. Contact details

Damaged/Scratched Items

We recommend that all goods are thoroughly inspected before they are signed for. We cannot accept any responsibility for damaged or scratched goods once they have been signed for.

Goods No Longer Required

Goods no longer required must be in perfect resaleable condition in their original, unopened packaging. Goods returned must be protected in outer packaging to retain the integrity of the manufacturers boxes.

A restocking charge of 20% will apply.

Once a return has been agreed – all returned items should be delivered back to Faucets within 7 days – we reserve the right to cancel all credits if goods are not back within this timeframe – all outstanding payments would then become due!

No goods will be accepted for return after 6 weeks of delivery date.

A collection charge will apply. This will be confirmed when a collection has been authorised.

Defect and Fitted Products

For installed products, any items identified as defective after installation are covered under the manufacturer's warranty and customers should contact the manufacturer directly for assistance in resolving the issue.

Special Orders

Special orders must be in writing and duly signed. There is no guarantee of delivery times for the manufacture of such items. A strict no returns policy applies to all special orders.

Delivery date

Every effort will be made to complete delivery in accordance with your requirements. However, delivery times quoted are estimates and Faucets will not accept any liability for failure to deliver within such times. In addition, Faucets cannot be held responsible for delays caused by manufacturers, their suppliers, or carriers.

Goods Supplied

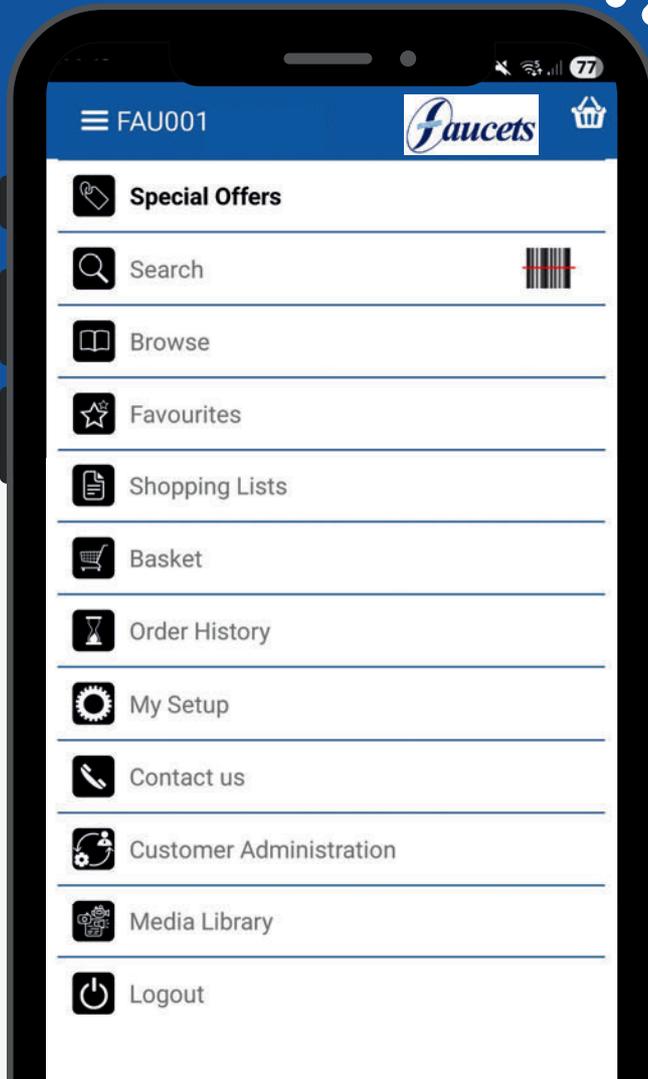

All goods supplied shall remain the property of Faucets until full payment has been made. However, any risk shall be passed to the purchaser once delivery has been accepted. We reserve the right to recover goods from the purchaser's premises should the purchaser become insolvent or fail to pay overdue invoices.
